

# The Inner Circle Guide to Cloud-based Contact Center Solutions

Since 2015, the use of cloud-based contact center solutions has risen by 52% in the US and 54% in the UK.

Businesses show no signs of slowing down their move to cloud-based solutions, away from traditional on-premise deployments.

With the future of the contact center industry said to involve remote & hybrid working for the foreseeable future, cloud is very much in the ascendency for many businesses.

“The Inner Circle Guide to Cloud-based Contact Center Solutions” draws on surveys with hundreds of contact centers and thousands of consumers, providing unrivalled insight for organizations which want to understand how to alleviate the risks and maximize the opportunities that cloud-based contact center solution bring to the customer contact industry.

Report sponsors benefit from:
